Essay:	<p>I want to fight for people like my father, _____ and Gerry Spence have their entire lives. I want to represent the "little guy" to the best of my abilities for decades to come. And carry the torch that was initially carried by men like _____ and Gerry. I have immense respect for Gerry Spence as he and my father conducted several seminars together in the 1980s at _____ . Gerry has always told me that the only trial lawyer he thought was ever better than he was Gerry Spence. I want to learn from Gerry and introduce myself as 2022 is not a guarantee. I have tried one jury trial in my young career (I am 27 years old). After being admitted for 5 weeks I was thrownnnn into the arena against _____ . In this trial, I delivered he opening statement and final argument on damages and obtained a 20.3M damage verdict for our clients who deserved every penny. I represented</p>

	<p>who was shocked at thousands of volts of electricity on where they failed to warn of the dangers associated with jackhammering directly above a live 4,000 line of electricity.</p> <p>critiqued my opening statement and final argument on damages and was there to guide me every step of the way. I consider family. I also recently attended Gary Dordicks trial college in Cabo San Lucas, and developed a connection with Joey Low. I have tremendous respect for Joey and learned a lot from him during this seminar. Joey implored me to submit my application for review. I want to continue learning and growing. My greatest loss in life was tearing my ACL twice in high school (Sophomore and Junior season) as all my college scholarships were stripped from me and I had to walk on to the University of Miami. In my first year for the canes, I preserved and found my way on the playing field and lettered as a Yes freshman for the canes.</p>
